

PICK A CARD ANY CARD

A new, fun, simple game, inspired by one of the games that Clark and Cousin Eddie play in that 'odd' casino in Vegas Vacation.

There are several versions of the game: Pick a Card or Pick a Suit (or both!), and using a standard 52 card deck, or 52 cards plus one fully wild Joker.

Place bets on one or more card ranks and/or suits, a Bonus bet, and/or a Progressive Jackpot bet.

Wins are based on the number of the first three cards that match your selected rank and/or suit. The more cards that match, the more you win. If the joker appears, it's an automatic win.

A 3 card Bonus and a 4 card Jackpot sidebet are offered. For the Bonus, the three selected cards will need a poker style hand to win. For the Jackpot, a fourth card is added, enabling progressive payouts!
